

I-CAN! E-File User Comment

"This is great! I saved money, and it feels good to do something for yourself and your family. It has given me confidence to know that I did my taxes quickly and correctly. I hope that you'll provide this service next year."

- The built in LiveChat feature offers immediate assistance and technical support

About I-CAN! E-File

What is I-CAN! E-File

I-CAN! E-File (www.icanefile.org) is a free, Internet-based program that enables taxpayers to prepare their income tax returns free of charge from anywhere in the country. There are no income limitations for I-CAN! E-File. Last tax year, I-CAN! E-File returned over \$33 million dollars to low to moderate wage earners, \$11 million of which were Earned Income Tax Credit dollars.

I-CAN! E-File is an empowering self-help tool for taxpayers, community-based organizations, employers, schools and cities.

How does I-CAN! E-File work?

1. Taxpayers access I-CAN! E-File via the Internet from their home, a library, an I-CAN! E-File or VITA partner site, or any other location with an Internet connection.
2. Taxpayers go through a series of secure web pages inputting answers to a series of simple, interactive questions.
3. Once all of the questions have been answered, the information is compiled and placed on federal and/or state tax forms that can be either e-filed or printed.

Free Tax Preparation Programs

If you offer free tax services, I-CAN! E-File is a program to help expand your reach. I-CAN! E-File can be integrated in VITA sites to serve additional taxpayers when demand is high or can be used as a referral resource. I-CAN! E-File has a tracking feature that will enable you to track results on a real time basis.

Employers

If you are an employer, you can offer your employees a FREE resource to help them file their taxes. It's as easy as including an insert in paychecks, sending an email or distributing informational materials to your employees.
